Thinks....

You should have a clear idea of what kind of content you want to create and who you want to reach.

you are passionate about and knowledgeable in, and your target audience should be people who share your interests and need

After you upload your video, you should promote it on other platforms, such as social media, blogs, email newsletters, etc

Before you start filming, you should plan your video content, script, equipment, location, lighting, sound, etc

Once you have your video ready, you should optimize it for YouTube's algorithm and viewers.
